

Preliminary Advertisement

Sale of National Forest Timber

The Forest Service intends to advertise timber designated for cutting in the following proposed timber sale areas on the Colville National Forest prior to March 1, 2013. The West Branch LeClerc sale contains 4 acres more or less within T36N, R44E, WM. This sale contains an estimated volume of 149 hundred cubic feet of timber designated for cutting.

The Kettle Face South sale contains approximately 1,500 acres more or less within T36N and T37N, R36E and R37E, WM. This sale contains an estimated 22,908 hundred cubic feet of timber designated for cutting.

The Windstorm Quartz Salvage sale contains approximately 234 acres more or less within T35N and T36N, R33E and R34E, WM. This sale contains an estimated volume of 2,560 hundred cubic feet of timber designated for cutting.

The Windstorm Trout Salvage sale contains approximately 203 acres more or less within T38N, R32E, WM. This sale contains an estimated volume of 1,960 hundred cubic feet of timber designated for cutting.

This advance notice is to afford interested parties time to examine the sale areas prior to winter. Interested parties may obtain information and maps about the sale areas from the District Rangers in Newport, Kettle Falls and Republic, WA or Forest Supervisor, 765 South Main, Colville, WA. The final advertisement will contain final minimum stumpage rates, bidding provisions, and other sale conditions.
